Public Safety Communications

# WED. 07.16.14 | 10:00AM - 12:30PM FIRSTNET IN CALIFORNIA LAKEPORT TOWN HALL

Lakeport Superior Courthouse | Board of Supervisors Chambers | 255 Forbes St. Lakeport, CA

**REGISTER NOW!**

## Don't miss California's first town hall dedicated to public safety wireless broadband communications!

FirstNet was created by Title VI of the Middle Class Tax Relief and Job Creation Act of 2012 (PL112-96). The law includes provisions to fund and govern a nationwide public safety wireless broadband network, reallocate the 700 MHz D Block spectrum to public safety, and authorize the FCC to conduct incentive auctions to raise **\$7 billion** for building and managing the new network.

- Hear FirstNet experts answer the tough questions, "What is FirstNet? What will it cost? When will I see it? How will it affect me?" and more
- Learn about California's developments, current initiatives, and how to participate
- Understand how FirstNet will impact local public safety radio communications
- Listen to local perspectives and learn about public safety applications already in use

### FirstNet Vision

**To provide emergency responders with the first nationwide, high-speed, wireless broadband network dedicated to public safety**

### SPACE IS LIMITED | REGISTER NOW
