Public Safety Communications

MON. 3.2.2015 | 12:30PM - 3:30PM
FIRSTNET IN CALIFORNIA
SAN JOSE TOWN HALL

Holiday Inn - San Jose Airport | 1350 North First Street | San Jose, CA 95112

REGISTER NOW!

Don't miss California's Town Hall dedicated to public safety broadband communications. Talk directly with FirstNet representatives:

- Karen Wong, California's Single Point of Contact
- T.J. Kennedy, Executive Director, FirstNet
- Joseph Wassel, C4 Resilience Director, Department of Defense, Chief Information Officer

FirstNet was created by Title VI of the Middle Class Tax Relief and Job Creation Act of 2012 (PL112-96). The law includes provisions to fund and govern a nationwide public safety wireless broadband network, reallocate the 700 MHz D Block spectrum to public safety, and authorize the FCC to conduct incentive auctions to raise **\$7 billion** for building and managing the new network.

- Hear the answers to the questions, "What is FirstNet? What will it cost? When will I see it? How will it affect me?" and more from FirstNet experts
- Learn about California's developments, current initiatives and how to participate
- Participate in a panel discussion with California's federal partners
- Listen to local perspectives from the public safety community

FirstNet Vision

To provide emergency responders with the first nationwide, high-speed, wireless broadband network dedicated to public safety

SPACE IS LIMITED | REGISTER NOW
