

# BAYRICS AUTHORITY BOARD OF DIRECTORS MEETING APRIL 12, 2018

---

BARRY FRASER  
GENERAL MANAGER  
BAYRICS AUTHORITY

# BAYRICS FIRSTNET ACTIVITIES IN 2018

---

- List of questions for FirstNet and AT&T to start the conversation about adopting the new service;
- Host FirstNet/AT&T Technology Showcase - to introduce services, devices, applications and partners to Bay Area stakeholders.
- Continued member outreach through in-person briefings and blog posts (very little to report on specifics or the service so far)
- Monitor the case studies and lessons learned from members and outside agencies
- Participate in FirstNet Public Safety Advisory Committee (PSAC) and California First Responder Network Authority (CalFRN)

# CALFRN ACTIVITIES

---

- March 14, 2018 Meeting
- Connecting the Technology: Cal OES Role in FirstNet, Next Generation 9-1-1, and Alerts and Warnings
- FirstNet:
  - AT&T Radio Access Network Buildout in California
  - Site Selection
  - Agency Costs and State Contract
  - Questions for Agencies to Ask AT&T or Verizon
- Next Steps: FirstNet Governance and Future Role of CalFRN
- Next Meeting: June 13, 2018

# Planned Improvements

- AT&T *plans* to build “hundreds” of new sites in CA through 2027
  - Cal OES will work with each County/Operational Area to identify coverage needs
  - Cal OES will work with AT&T for site placement to meet public safety needs
- “Site Hardening”
  - Identify mission-critical sites
  - Generators and battery backup
  - Redundant backhaul
- Discuss process to identify and classify users
- Discuss FirstNet core/data network DOJ certification process for CLETS/CJIS information

# BAYRICS RADIO INTEROPERABILITY ACTIVITIES IN 2018

---

- Coordinate regional Tactical Interoperable Communications Plan (TICP) update;
- Planning and coordination of a regional ICS Communications Lead (COML) Training;
- Host meetings of the Radio Operators Advisory Group;
- Host second annual “System Key Exchange” scheduled for May 2018.
